Use of English Requirement for BEng Programmes

To satisfy the University’s entrance requirements, JUPAS applicants are normally required to have at least a Grade D or better in AS Use of English. The University is however also keen to admit academically talented students who may have additional English language needs. Applicants with good grades in HKALE subjects but with Grade E in AS Use of English will also be considered for admission to the following programme:

6963  Bachelor of Engineering

These applicants, if selected for admission, will have to attend special English language courses to strengthen their English language proficiency.
